

English

Non-fiction: Can you create a poster about looking after plants? Think about what plants need to survive and why we enjoy having them!

Narrative: Write an exciting story set in a beautiful garden. Remember capital letters and full stops. Try to include connectives like 'and', 'so' and 'but'.

Maths

Practise recalling your number facts to 10. Use the rainbow to help you.

$0 + 10 = 10$	$10 + 0 = 10$
$1 + 9 = 10$	$9 + 1 = 10$
$2 + 8 = 10$	$8 + 2 = 10$
$3 + 7 = 10$	$7 + 3 = 10$
$4 + 6 = 10$	$6 + 4 = 10$
$5 + 5 = 10$	$5 + 5 = 10$

It would be lovely to see examples of children planting their own plants! To link this with maths you could measure how tall they grow. Maybe sunflowers would be a good choice!

Music

Write your own verse for "Row, row, row your boat?" You could make up your own actions to accompany your lyrics.

Art

Be Creative! You can either draw/paint plants that you can see or think of other creative ways to put plants into art!

DT

Make a fruit salad – what plants have you used?

ICT

Use the internet to gather information about your favourite UK bird and present it in an interesting way.

Use ICT as a way of producing plant art work.

What a Wonderful World!

Precious Plants Homework

PE

Create a short sequence including a start and finish position, two jumps and one balance. Consider using different levels and directions in your sequence to make it look interesting.

Geography

Which countries did the fruits from your fruit salad come from?

History

Draw a portrait of Mary Seacole or Florence Nightingale and write a short caption about what they were like as a people. Can you use some of these words? **intelligent** **caring**
honest **selfless** **brave**

Science

Research - Can you find out where different plants grow? Maybe some countries have different plants to us?

Draw and label your favourite plant/tree that grows in the UK. Can you plant something at home?

Check out the spot it guides. What can you spot?
